CODAN ARGUS A60 / A100 P&M - Docking Stations

Dear customer, dear business partner

The CODAN ARGUS A60 / A100 P&M - Docking Stations have not been produced any longer since July 21, 2014 and were replaced by the recent generation of Docking Stations CODAN ARGUS A300 / A500 / A600 P&M.

Due to the continuing demand for spare parts we offer you the opportunity to order spares for the above device as long as our stock grants.

Please see the recent price list for any information on the available articles, reference numbers and the respective prices.

Our product management and sales & export coordinators are at your entire disposal for any further information you may need.

Kind regards

Oliver Ullmann

General Manager

Kind regards

Jochen Kurze

Product Management
