Mandatory Upgrade Firmware Release 5.09 ARGUS 717 V and ARGUS 718 V

Dear customer, dear business partner

We kindly ask you to distribute this information to all affected personnel responsible for the clinical use and maintenance of the products listed above.

The ARGUS 717 V and ARGUS 718 V – Volumetric Pumps require a Mandatory Firmware Upgrade to version 5.09.

Please download the firmware release v 5.09 for ARGUS 717 V and ARGUS 718 V and the corresponding Release Notes from the login section of the CODAN ARGUS website at www.codanargus.com.

Please follow the procedure as described in the corresponding Release Notes.

Our customer support support@codanargus.com is at your entire disposal for any further information you may need.

Kind regards

Jochen Kurze
